## Frisco's Collective Design + Furnishings featured on Mountain Living's Top Architects & Designers List

FRISCO, COLO.  
1/15/2020

Collective Design + Furnishings, located in Frisco, has been featured in Mountain Living's ML List, honoring the top mountain-based architects and designers for 2020.

The ML List recognition is just the latest in a growing assemblage of accolades for the Collective team, including 12 awards at last fall's Summit County Parade of Homes. Collective is making its mark on high-end homes in Summit County, the Vail Valley and beyond, with work ranging from furnishings consultation to remodels, all the way up to full custom furnishings and finishes on new builds. The group's increasing visibility and reputation did not go unnoticed by Mountain Living, which selected Collective as one of the most talented and influential service providers in the field.

According to Mountain Living: "These designers and architects in mountain territories have worked hard to become top in their professions, and we've taken note of their work, along with receiving recommendations from their clients, vendors, professional organizations and readers."

"We are honored to be selected as a representation of the best interior designers in the West," says Adrienne Rynes, VP of Design at Collective. "It truly is a testament to the incredibly talented team that we've assembled. Every day, they deliver professionalism, expertise and personal attention to each and every client, elevating the standards of home design in the Rocky Mountain region."

The full list of the recognized architects and designers can be viewed in the January/February issue of Mountain Living magazine, on stands now, as well as online at <https://www.mountainliving.com/People/The-ML-List-Top-Architects-Designers-2020/>.
